

ADMINISTRATOR'S REPORT

1-20-15 through 2-1-15

Waste Water Treatment Plant

- Sewer Plant running fine, nothing new to report.
- #2 Vaughn pump has had seal replaced.
- Continued with daily testing and other normal maintenance.

Sanitary Sewer Collection System

- Monthly service to the system is being done as time permits.

Water System & Plant

- We continue to perform normal maintenance at the plant.
- We had a mainline leak near Grant Street and Catalpa Ln. The water had to be shut down because the leak was a crack in the line near a tap. A boil order was issued to effected residents.
- Other than the normal meter and curb box repairs all things in town has been normal.
- The Clerk issued 69 shut off notices for the month of January and 7 were shut off.

Other issues

- Nothing new to report

Recreation / Pool

- Closed for the season.

Street / Storm Sewer

- Cold patching of the pot holes around town over the past two weeks continues. This work is ongoing.
- No change in the CSX project.

Development

- **Nothing new to report**

The service department staff has been doing a great job. Everyone has been willing to pitch in where necessary outside of their normal daily work routine and especially on Tue and Wed helping with the trash pick. With the weather and snow along the roadway trash pickup has become treacherous, tiring and dangerous.
