

Codes and Regulations- February 2015

The committee met on Tuesday, February 3, 2015 at 6:00 p.m. in Council chambers. A variety of topics were discussed but specifically, the possibility of a "good neighbor" ordinance. Emily had found an example of a longstanding small town ordinance in Gambier, Ohio. After reviewing the Gambier ordinance, the committee decided to take a few days and get back together to look at possible modifications to the ordinance to better fit our community. We agreed to reconvene on Tuesday, February 10th. The meeting concluded at approximately 7:00 p.m.

The committee reconvened on February 10th in Council chambers as mentioned earlier. Each member had a copy of the Gambier ordinance which they had marked up with thoughts, questions, etc. They created one document from their discussions. John said he would scan the ordinance and send it to the Village Solicitor for his review. We will follow up with the Solicitor once he has a chance to review the document. The meeting concluded at approximately 6:45 p.m.
