

Notice of Income Tax Changes

On March 2, 2015 the Mt. Gilead Village Council voted to rescind the one half percent reciprocity for the income tax paid to another municipality. All residents, whether they work within the Village or outside the Village, will be required to pay the same one percent (1%) local income tax. Residents who work outside the Village and pay an income tax to another municipality may want to request their employer withhold the full one percent (1%) income tax for 2015 or they may want make quarterly payments to the Village.

It is important to note that State funding cuts to local governments are now making it impossible for cities and villages across the state to allow that reciprocity for the tax paid to another municipality. Other cities do not share the tax that is paid to them; the tax stays with that city.
